**TCB Exclusion List 1**  
(General Apr 07)

	<b>TCB(s) <u>MAY NOT</u> issue a grant certification for the following type devices.</b>
1	Devices listed on the RF safety TCB Exclusion List 2 for TCBs that have completed the RF Safety training (See Attachment - TCB Exclusion List 2 Not Trained in RF Safety.pdf)
2	Devices listed on the RF safety TCB Exclusion List 3 for TCBs that have not completed the RF Safety training (See Attachment - TCB Exclusion List 3 Trained in RF Safety.pdf)
3	Equipment excluded from CFR Title 47 regulations
4	Any device that requires only Verification or Declaration of Conformity (however, a device that is permitted the choice of either Declaration of Conformity or Certification is not excluded)
5	Unlicensed National Information Infrastructure (UNII) devices with Dynamic Frequency Selection (DFS) capability (Part 15 Subpart E)
6	Ultra-Wideband (UWB) devices (Part 15 Subpart F)
7	Access BPL (Part 15 Subpart G)
8	Learned Mode Transmitters (Part 15)
9	Software Defined Radios (SDR)
10	Certain types of Smart Antenna Systems (SAS). See SAS guidance.
11	Implanted Transmitters
12	3650 MHz licensed radio equipment (Part 90)
13	Wideband Transmitters (WBT) under Section 15.250 and 15.252
14	Doppler Radars operating in Part 90 in the 24..5-24.25 GHz frequency band.
15	Universal Mobile Telecommunications System (UMTS) devices supporting 3rd Generation Partnership Project 3GPP Release 6 - High Speed Uplink Packet Access (HSUPA) - wireless technology.
